

## Department of Mechanical Engineering

### Report of Technical Talk on “Design Engineering for Innovation: Creating Tomorrow’s Technologies Today”

<b>Resource Person</b>	: Mr. Jayaram, Head, CADDESK, Mysuru
<b>Date</b>	: 18 <sup>th</sup> December 2024
<b>Time</b>	: 12.00 Noon Onwards
<b>Location</b>	: Seminar Hall, Mechanical Block, ATME College of Engineering, Mysuru.
<b>Mode</b>	: Offline

Department of Mechanical Engineering, ATMECE in collaboration with Institutions Innovation Council – ATMECE has organised a Technical Talk on “Design Engineering for Innovation: Creating Tomorrow’s Technologies Today” for the students of the Mechanical Engineering department on 18<sup>th</sup> December 2024.

The keynote speaker for the session was **Mr. Jayaram**, the Head of the Center at **CADDESK, Mysuru**, a renowned expert in design engineering. With years of experience in the field, Mr. Jayaram provided valuable insights into cutting-edge techniques and tools that are shaping the future of technology.

The talk emphasized the importance of integrating innovative design processes into engineering practices to meet modern-day challenges. Mr. Jayaram shared real-world applications and case studies, highlighting how design engineering is pivotal in industries like automotive, aerospace, and manufacturing. The session also explored the role of simulation software and automation in driving efficiency and creativity in design.

The interactive session included a lively Q&A segment, where students actively engaged with the speaker to clarify concepts and deepen their understanding. The event reinforced ATMECE's commitment to fostering innovation and equipping students with essential skills for future success, bridging academic knowledge and industry practices.

This session helped 3rd semester students to identify the Domain in which they wish to get the DST training provided by the Department
