Report on One day Zonal level Project exhibition competition
ProjectXpo-2K23
22nd May 2023

Department of Electronics and communication engineering organized one day zonal level project exhibition competition PROJECTXPO-2K23 on 22nd May 2023. Totally 27 team were participated and successfully exhibited their innovative projects with demonstration. Jury members are invited from other institution and alumni members are working in Wipro, Accenture and LTImindtree were invited to judge the best projects among all the teams.

Three best projects were awarded with cash prize of 2000, 1500 & 1000 to 1st , 2nd and 3rd place respectively along with winner certificates.

Objective of the event

- To provide the platform and unleash the potential of the students by showcasing their innovative projects developed in the Final Year.
- To enhance their communication & presentation skill thereby increases confidence level to compete with outside world.
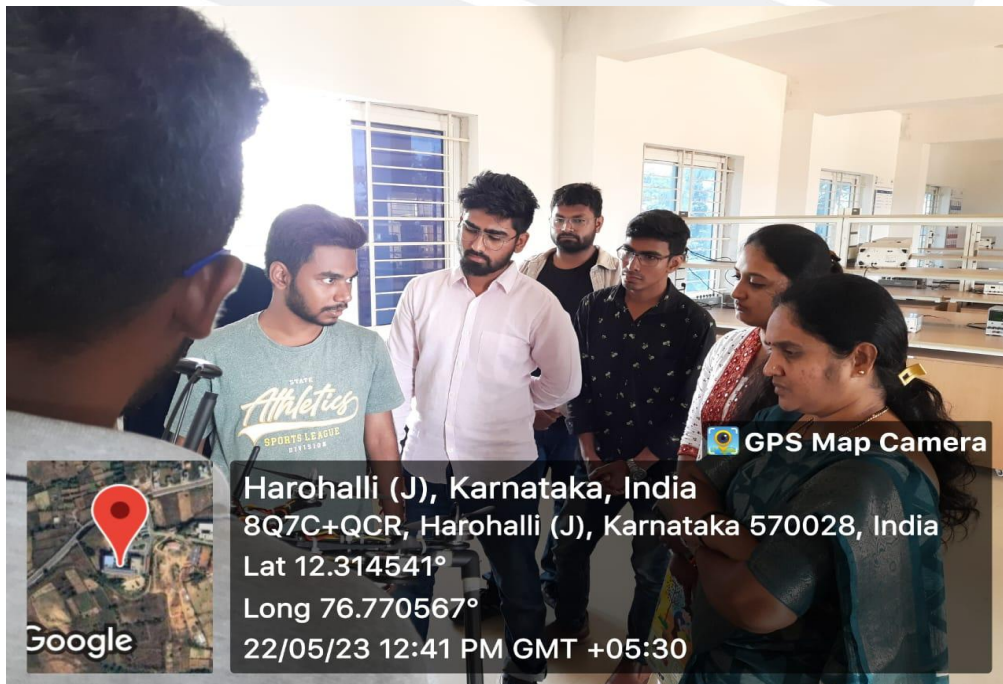

About the ProjectXpo – 2K23:

Department of Electronics and Communication is conducting the project exhibition competition every year, Project exhibition competition is the effort aimed project-based learning among students of Electronics, Electrical, telecommunication and Computer Science Engineering. Dept. of ECE aims at providing hands-on experience to various technical aspects of engineering problems which will enable students to develop creative thinking and innovation in bringing up better engineering solutions and improves the depth of understanding of engineering concepts.
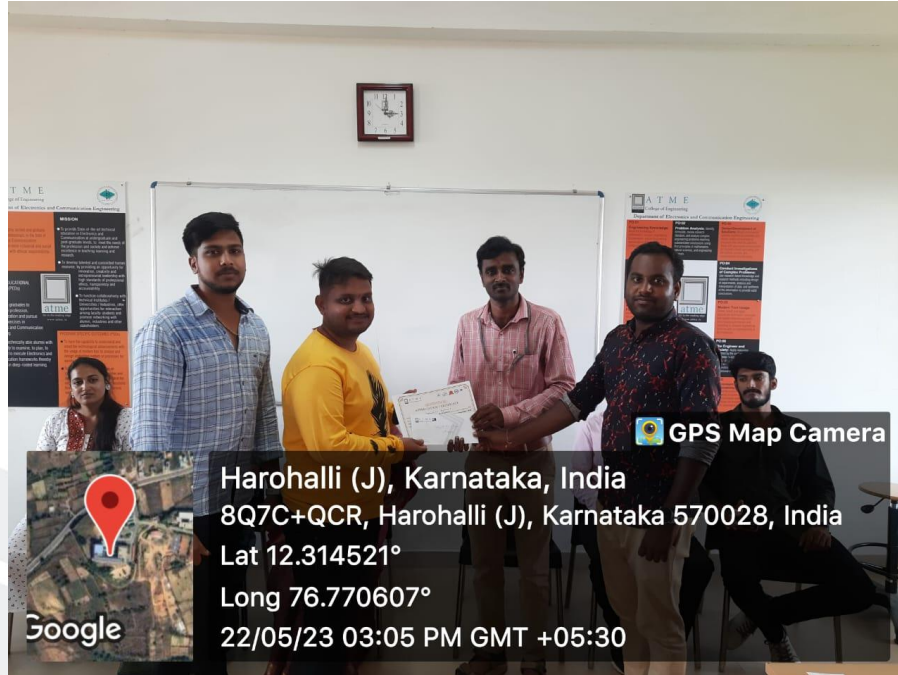

Outcome of the Event

- Show student's innovative project at higher level and the process boosted their confidence.
