“Computer Awareness Outreach Event” Conducted at Harohalli Government School

Harohalli, Mysuru – On 28/6/2024, Harohalli Government School was the site of an impactful Computer Awareness Outreach Event organized by ATME College of Engineering, IEEE Student Branch- STB35744 in association with IEEE Bangalore Section & IEEE Mysuru Subsection. The event aimed to enhance the digital literacy of students and introduce them to the fundamental concepts of computers.

The outreach program was inaugurated by Dr. Basavaraj L, Principal, ATMECE, in the presence of Dr. Bhagyashree S R, Dean Research, ATMECE, Dr. Vinod Kumar P, IEEE Branch Counselor, IEEE student members, and students. The event saw enthusiastic participation from over 150 students from various grades. The primary goal was to bridge the digital divide and equip students with essential computer skills that are increasingly becoming indispensable in the modern world.

The Computer Awareness Outreach Event at Harohalli Government School featured a comprehensive introduction to computers and their components, engaging demonstrations and interactions, and educational sessions on the 3R's (reuse, reduce, recycle) and mobile awareness (social activities). The event also included a quiz on the discussed concepts and a creative poster presentation, enhancing students' understanding and participation.

Dr. Vinod Kumar P, Associate Professor, of ATMECE & IEEE Student Branch counselor, said, "This event is a step towards empowering students with the knowledge and skills they need to thrive in a digitally driven world. We are committed to continuing our efforts in promoting computer awareness and education in rural and underprivileged communities."

The event was made possible through the generous support of ATMECE Management, who provided projectors, computers, and transportation facilities. Their contribution ensured the smooth execution of the event and allowed students to gain hands-on experience with the latest technology.

Feedback from students and teachers was overwhelmingly positive. Many students expressed their excitement about learning new skills and their eagerness to explore further educational opportunities in the field of computer science.

College of Engineering

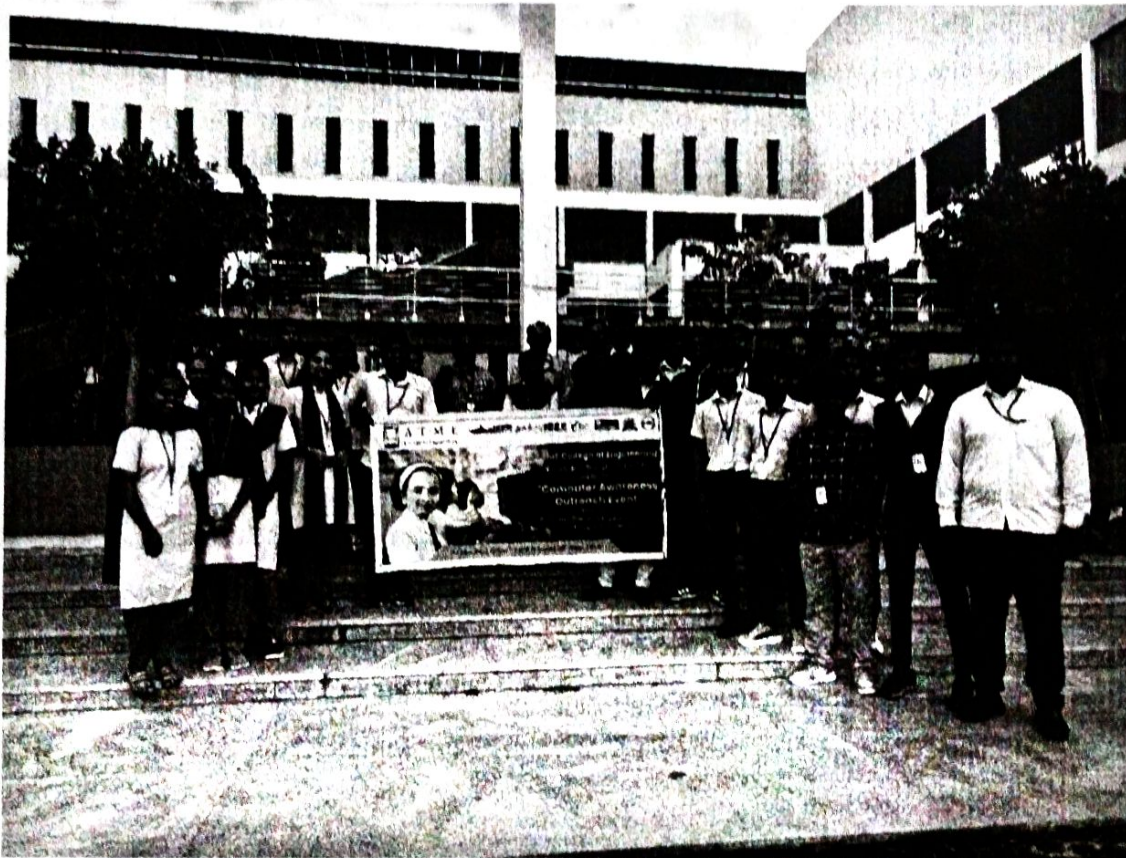

Affiliated to VTU, Belagavi, Approved by AICTE, New Delhi and Recognized by Government of Karnataka,
Programs accredited by NBA, New Delhi – **UG**: CV, ECE, EEE and ME (Validity up to June 2026), **UG**: CSE (Validity up to June 2026)

Harohalli Government School's Headmistress expressed gratitude towards ATME College of Engineering and all the volunteers who made the event a success. "Our students have greatly benefited from this initiative. Such events are crucial in providing them with the exposure and skills needed to excel in the future," he said.

ATMECE plans to conduct similar outreach programs in other schools across the region, aiming to create a digitally literate generation capable of leveraging technology for personal and professional growth.
